## FOR IMMEDIATE RELEASE

### Lane Closures on Harbor Freeway (I-110) for Slab Replacement

**LOS ANGELES**— The California Department of Transportation (Caltrans) will close lanes of southbound Harbor Freeway (I-110) for a concrete slab replacement project. Work will be performed nightly beginning Friday, October 12 through Sunday, October 14 from 11 p.m. to 10 a.m. Four lanes from Venice Boulevard to Adams Boulevard will be closed. The express (HOT lanes) and first lane will remain open for motorists.

The closure is part of a \$39.5 million pavement rehabilitation project, which also includes upgrading guardrails, loop detectors, and curb ramps.

All American Asphalt of Corona, CA is the contractor on this project, which is anticipated to complete January, 2021.

Caltrans reminds motorists to “Be Work Zone Alert” and “Slow for the Cone Zone.”
